Hello, I'm Bùi Xuân Việt – a travel photographer and filmmaker based in Vietnam, with a deep passion for capturing the most breathtaking moments from extraordinary places across the globe.

So far, my journey has taken me to over 40 countries and territories across 4 continents, from remote deserts and the frozen edges of the polar regions to the majestic Himalayas and dazzling, colorful cities. Every destination I visit holds a unique story and emotion, and I strive to capture and preserve them through my lens.

Beyond my personal work, I'm also the founder of "KTNA" (kythuatnhiepanh.com) – a pioneering platform that organizes international phototrips and workshops for a community of passionate explorers and photography enthusiasts. Through KTNA, I blend on-location shooting guidance, advanced post-processing techniques, and high-end travel experiences, delivering journeys that are not only unforgettable but also expand each participant's creative and technical capabilities.
